## 5.0 Place Order in RHB Futures QST

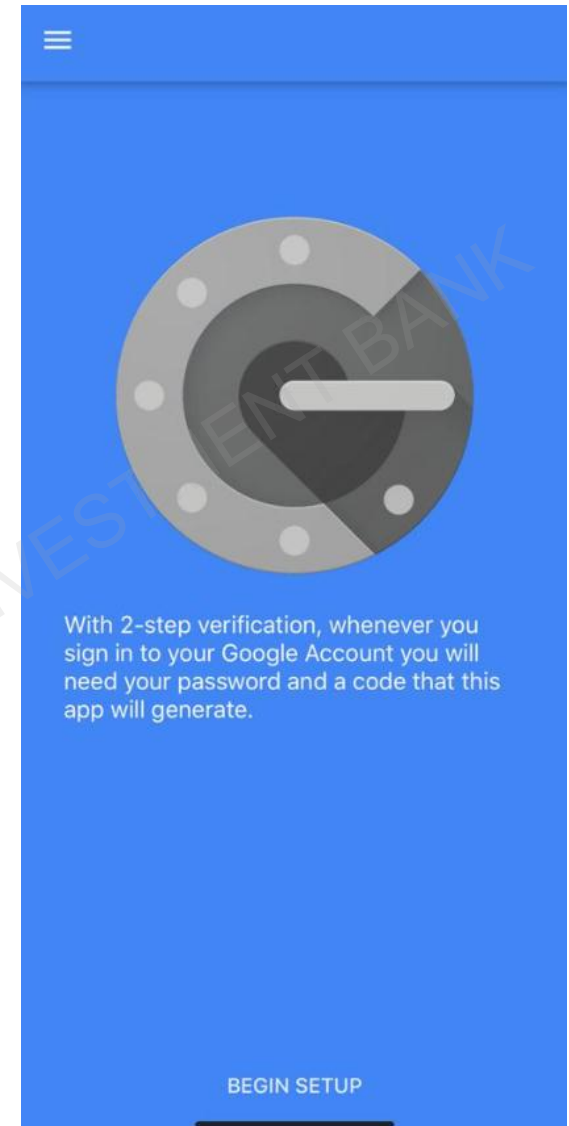

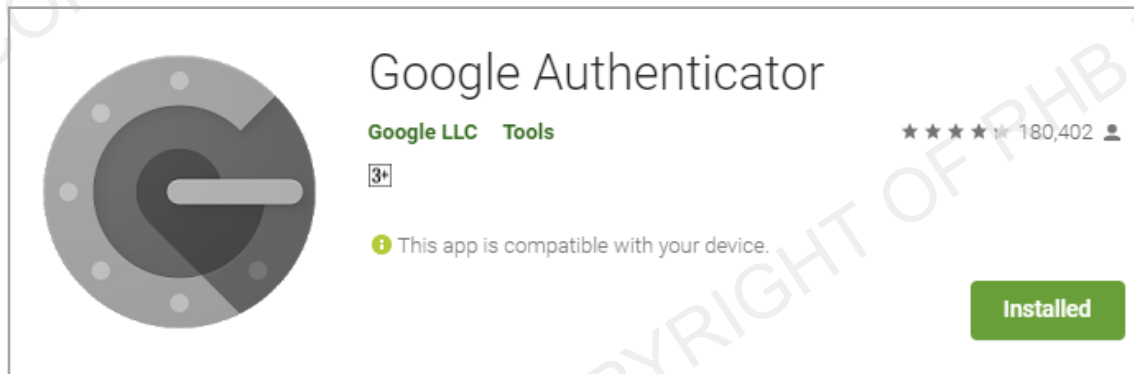

---

Click on Last / Bid / Ask Price, a **LEFT click** on any of the mentioned prices will place a **BUY** order and a **RIGHT click** will place a **SELL** order.

# Download Google Authenticator

- Please download Google Authenticator from Apple App Store or Google Play Store as shown below.
- Please refer to the following slides for more details.

# Activate 2FA (For first time user only)

A screenshot of the "2FA Activation" page. The page has a header "Already have an account? [Sign In](#)". The main content area is titled "2FA Activation" and contains the text "Please login to activate 2FA on your account." Below this text are two input fields: "Username" and "Password". The "Password" field has a small eye icon to its right. Below the input fields is a green "Submit" button.

# Using Google Authenticator to Login

1

With 2-step verification, whenever you sign in to your Google Account you will need your password and a code that this app will generate.

 Scan barcode

 Manual entry

2 Scan barcode

2FA Activation

2FA was activated on your account.  
Your secret key is

Please make sure to print this page and  
This is a one-time on-screen display code

You can use an authenticator app to generate codes

Google Authenticator

Codes will be refreshed every 30 seconds

User is required to open "Google Authenticator Apps" when login to platform every time.

# 1.0 RHB Futures QST Lite – Log in

- To log in to RHB Futures QST Lite, open a browser and enter the address:  
<https://qstkl-lite01.quicksuitetrading.com:17143/?RHB>
- Enter Username, Password, 2FA and click Login.

The image shows the login interface for RHB Futures QST Lite. The page has a dark background with a light blue header area containing the RHB logo and 'FUTURES Quick Screen Trading' text. The login form includes fields for Username, Password, and Verification code, along with a Language dropdown set to English and checkboxes for 'Load settings from server' and 'Paper Trading'. A blue 'Login' button is at the bottom. A yellow box at the bottom left contains the text 'Problems seeing this page? [Clear the cache](#)'. A yellow box at the bottom center contains the text 'Copyright 2010 - 2018 Computer Voice Systems, Inc. All rights reserved. Version Number 0.3.3'.

Step 1: Enter Username

Step 2: Enter Password

Step 3: Click "2 FA" and go to "Open Google Authenticator App"

Step 4: Insert 6 Digit verification code "204137"

Step 5: Click "Login"

Ensure "Load settings from server" option is checked and click Login button

Authenticator app screenshot showing the code 204 137 and a refresh button (circular arrow icon).

\*Codes will be refreshed every 30 seconds

# 1.1 QST Lite Log In – 2FA by Email

- Alternatively, user can request 2FA codes through email if smart phone or Google Authenticator apps are not working. (Follow the steps below to get 2FA by email)

The login form features the RHB Futures Quick Screen Trading logo at the top. Below the logo are input fields for Username, Password, and Verification code. A cursor points to the '@' icon next to the Verification code field. There is also a Language dropdown menu set to English with a US/UK flag icon. At the bottom, there are checkboxes for 'Load settings from server' and 'Paper Trading', a 'Login' button, and a link to 'Clear the cache'.

1. Type the correct futures contract code in the “Contract” column.
2. User can create multiple tabs of price quote according to personal preference. Right click to rename.
3. To manage column display, click “Columns”. Drag item to the left to exclude from display list. Move item up or down to arrange the order of column display.
4. User can set up this page in RHB Futures QST Desktop's “Mobile Data” tab.

## 3.0 RHB Futures QST Lite – Add Futures Contract

- A simple way to add contract in RHB Futures QST is to key in the code as follows:  
(Product Code) + (Number of the nearest contract month) + (-)
- For example on 1 December 2018:
  - ❑ MPC1- will become FCPO December 2018
  - ❑ MPC2- will become FCPO January 2019
  - ❑ MPC3- will become FCPO February 2019

The screenshot shows the RHB Futures QST Lite interface. The top navigation bar includes Home, Trading, Custom Quotes (selected), Chart, Options Chain, and Price. Below this, there are tabs for Custom Quotes, Columns, and Properties. The main area displays a table with the following data:

Contract	Last	Net Change	Net Chan...	High	Low
MPC1-	1901 (9)	23	1.22 %	1911	1880

Futures Product	QST Product Code
Bursa Palm Oil Futures	MPC
KLCI Futures	KLI
Comex Gold	EGC
E-mini S&P 500	ES
E-mini Dow Jones	YM
WTI Crude Oil	ECL
E-mini Crude Oil	QM
Soybean	ZS
Soybean Oil	ZL
